Whitewater interior

Lance 1685

"Super-slideout" - with 54"x78" U-shaped dinette. Overhead storage bins throughout. Truly ultralight - only 3450 pounds dry weight. Three wardrobe closets. Under-bed storage accessible from either inside or outside the coach - in addition to pass-through exterior storage. Sleeps up to five. Some options specific to this model: front rockguard window, awning slideout cover, and pull-out storage tray.

Optional pull-out storage tray

A traditional floorplan with uncommon features. As in all Lance travel trailers, there's absolutely no compromise on the quality of components or workmanship in the Lance 1880. With sleeping accommodations for up to seven and all the features needed for a great vacation, it's the right RV for either just a couple, or a growing family. And a variety of options add to its versatility. Option specific to this model: front rock guard window.

Plenty of exterior-access storage space – large enough for a portable generator, firewood, tackle boxes – you name it.

Lance 1880

Red Rock interior

The Lance 1881, like its sister trailer – the Lance 2281 – is a front walk-around queen bed model with a similar floorplan, but with a more compact footprint than the 2281. The large rear bath includes a roomy wardrobe and lavatory sink. And there's no shortage of storage – including a large area beneath the front bed. Options for the 1881 include a convertible sofa/queen bed, and pull-out storage tray.

Available in the 1881, 1985, 2180 and 2185 models is an optional sofa/queen bed – deployed using a space-saving, somersault-flip/roll-out action.

Rear bath – looking left

Rear bath – looking straight in

Gold Rush interior

Red Rock interior

Lance 1985

In the new Lance 1985, we've taken our very popular "super slideout" dinette and walk-around bed features - and combined them with a full-trailer-width rear bathroom and spacious galley area. There's an abundant amount of storage in this model as well. Options specific to the 1985: convertible sofa/queen bed, and pull-out storage tray.

As in the Lance 1881 and 2281 models, the 1985 has a full-trailer-width rear bathroom - and there's a large exterior storage compartment under the bathroom wardrobe.

Red Rock interior

Lance 2180

Twenty-one feet of comfort and convenience with sleeping for six. Fold-up the rear bunks and there's plenty of storage for the kid's bikes or other toys - with access from a large outside door. Standard features include the six-foot double-door refrigerator and a full-length rear wardrobe.

Like all Lance travel trailers, a comfortable dinette converts into a bed - with lots of storage beneath. Options specific to this model: convertible sofa/queen bed, and pull-out storage tray.

Gold Rush interior

Available in the 1881, 1985, 2180 and 2185 models is an optional sofa/queen bed - deployed using a space-saving, somersault-flip/roll-out action.

Looking back into the twin bunks and bathroom.

Rear triple-bunk

The new Lance 2185 is a unique lightweight trailer with a rear triple-bunk that can also convert into a large exterior storage garage. Equipped standard to sleep up to seven people in only a 21-foot-long box. A huge U-shaped dinette slideout provides a dance-floor-type feel in the center of the trailer. The forward queen bed has a walk-around on both sides. This 2185 is perfect for the long distance traveler or for family and friends. Options specific to this model: convertible sofa/queen bed, and pull-out storage tray.

The bathroom door opens, swings-out and clicks into place - separating the rear of the trailer from the front.

Lance 2185

Gold Rush interior

The Lance 2281, like its sister trailer – the Lance 1881 – is a front walk-around queen bed model with a similar floorplan. But, the 2281 is about four feet longer than the 1881 to accommodate a very comfortable sofa that converts to an additional bed. The large rear bath (seen on pages 6 and 7) includes a roomy wardrobe and lavatory sink. And there's no shortage of storage – including a large area beneath the front bed. Options for the 2281 include a pull-out storage tray.

Lance 2281

Gold Rush interior with optional swivel rockers

Lance 2285

"Super-slideout" - 54"x78" U-shaped dinette. Island (walk-around) queen bed. Rear kitchen. Two entry doors. Large center-located wardrobe. Pass-through exterior storage. Under-bed storage accessible from inside the trailer. Pull-out sofa standard. Sleeps up to six. Options specific to this model: swivel rockers (replaces pullout sofa), awning slideout cover, and pull-out storage tray.

Every Lance a **LanceLock**TM

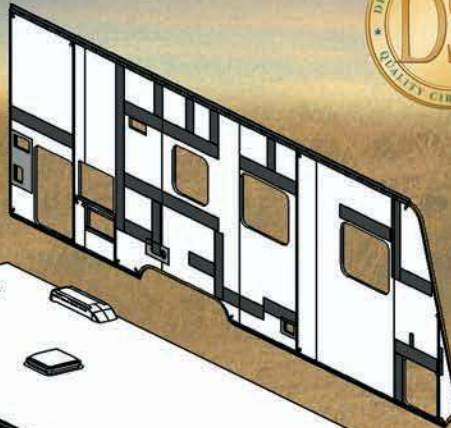

LanceLock is the exclusive process we design and construct all our RVs with for strength and durability using interlocking aluminum framing, laminated paneling, and structural cabinetry. From computer-aided designs - computed numerically controlled (CNC) machines that cut and rout structural paneling to ensure uniformity and tight-tolerance fit - welded aluminum framing

using .062-inch-thickness aluminum tubing (coated with Alodine® to help protect against corrosion) - our 141,000-square-foot, custom-designed, state-of-the-art RV manufacturing facility produces quality rarely found in recreation vehicles.

Tinted glass windows
reduce glare and reject the sun's harmful rays.

Welded, Alodine®-coated, .062" wall-thickness, all-aluminum frame construction with coated steel bonding plates serve as the underlying structure of every Lance for years of reliability and outdoor fun.

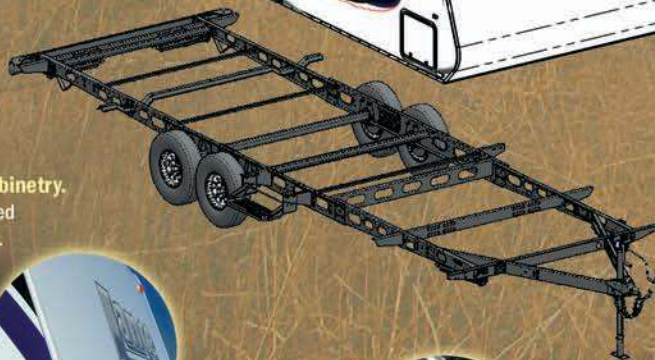

Solid, high-density block foam insulation provides a superior barrier for cool summers and warm winters.

EnergyStar®-rated TPO roof. An incredibly tough, seamless, marine-grade, white TPO (thermoplastic polyolefin) single-piece roof doesn't chalk, resists streaking, provides added insulation - and carries a manufacturer's 12-year warranty.

Solid-Ply® interlocking solid wood cabinetry. Cabinets and components are screwed together. No more staples and glue.

Custom-manufactured, solid aluminum exterior seam moldings ensure a tight bond and lasting beauty.

Torsion-bar suspension axles. Premium, heavy-duty, rubber torsion-bar-suspension axles with EZ-lube wheel bearings ensure a smooth ride.

Super-lightweight, powder-coated chassis. Every Lance travel trailer superstructure is mounted on a lightweight, high-strength-engineered, powder-coated, tempered steel chassis.
